Darnley Road Studios offers a no-frills service, allowing clients to cost-effectively source their own equipment and catering. We have preferred suppliers who will offer DRS clients a discount – see our website FAQs for more details. The studio is not staffed all the time, if you need a stand-by studio hand please ask when booking.						
Alternatively, if you're looking for a complete studio / eq / catering / crewing package, we can provide solutions through our sister company White Label Films. Please get in touch through DRS or direct at <a href="mailto:info@whitelabelfilms.com">info@whitelabelfilms.com</a> for a quote.						

\* From time to time we offer these discounted rates to support regular clients and up-and-coming artists and crew.

\*\* While aiming to give producers as much security as possible with their booking, we have to limit advance confirmation on our editorial and discount rates in favour of our commercial rates. The opportunity to confirm by paying a higher rate will be offered where appropriate.
